## TECHNICAL GUIDE NOTICE ND-50

This notice announces the addition of three conservation practice standards to Section IV of the Field Office Technical Guide (FOTG) located on the North Dakota eFOTG web site. These new conservation practice standards reflect current additions to the National Handbook of Conservation Practices.

The following new North Dakota conservation practice standards include:

Anaerobic Digester – Ambient Temperature (365)  
Anaerobic Digester – Controlled Temperature (366)  
Waste Facility Cover (367)

Questions clarifying these conservation practice standards should be directed to the State Office technical specialist assigned leadership for the conservation practice. Questions concerning eFOTG use can be directed to Mark Anderson at [mark.anderson@nd.usda.gov](mailto:mark.anderson@nd.usda.gov) or by phone (701) 530-2039.
